- ▲ Named one of the Top 100 most influential engineers by Engineers Australia in 2009,
- ▲ Winner of the 2016 John Connell Gold Medal Award from Engineers Australia – Structural College Awards.

Testimonial

“I am honoured to have been invited to be a keynote speaker on the subject of resilience at the FIDIC International Infrastructure Conference - Jakarta 2017. As an international community of consulting engineers, we are facing rapid changes and challenges that are increasingly global in nature. FIDIC plays a critical role in connecting our community so that we can collaborate more effectively to address our common challenges and capitalise on common opportunities.”
