

# CONFIRMED SPEAKER

## Dr Marlene KANGA

October 2, 2017 - Jakarta, Indonesia

Dr Marlene Kanga is the President Elect of the World Federation of Engineering Organisations, an international NGO representing some 100 engineering institutions and approximately 20 million engineers worldwide. Marlene is member of the Australia government's Innovation and Science Australia Board and the Director of iOmniscient Pty Ltd which has developed patented software technology for intelligent video analytics systems/smart cities.

A chartered chemical engineer, Marlene has over 30 years' experience in the oil, gas and chemical industries with respect to risk and safety engineering. Active supporter of greater diversity in engineering and science, Marlene is Vice-President of the International Network for Women Engineers and Scientists (INWES).

### Attend

**Plenary 2 – Resilient Infrastructure – What constitutes resilience?  
What are the threats and challenges?**

**REGISTER NOW!**

### Professional background

- ▲ Chair of the Department of Industry and Science's R&D Incentives Committee, Australia.
- ▲ Board member of Sydney Water Corporation, Australia's largest water utility.
- ▲ National/Past President of Engineers Australia (2013)

### Prizes
